## How do I customize my website's theme?

To customize your website's theme, follow these steps:

1. Go to the Admin Tools tab at the top.
2. Go to Theme Manager under the Web Builder heading.
3. Click on the blue Customize button to customize your website's theme. If you'd like to customize a different theme for your website, select a different theme with the green Activate button and then click on the blue Customize button.

### Theme Manager

4. From there, customize your website's theme with the following fields:
  - a. Heading Font Family
  - b. Heading Font Size
  - c. Heading Font Color
  - d. Heading Font Style
  - e. Heading Alignment
  - f. Content Font Family
  - g. Content Font Size
  - h. Content Font Color
  - i. Link Font Color
  - j. Link Hover Font Color
5. If you don't select any customizations, your website will have the default styles that come with your selected theme.
