Calendar App Integrations

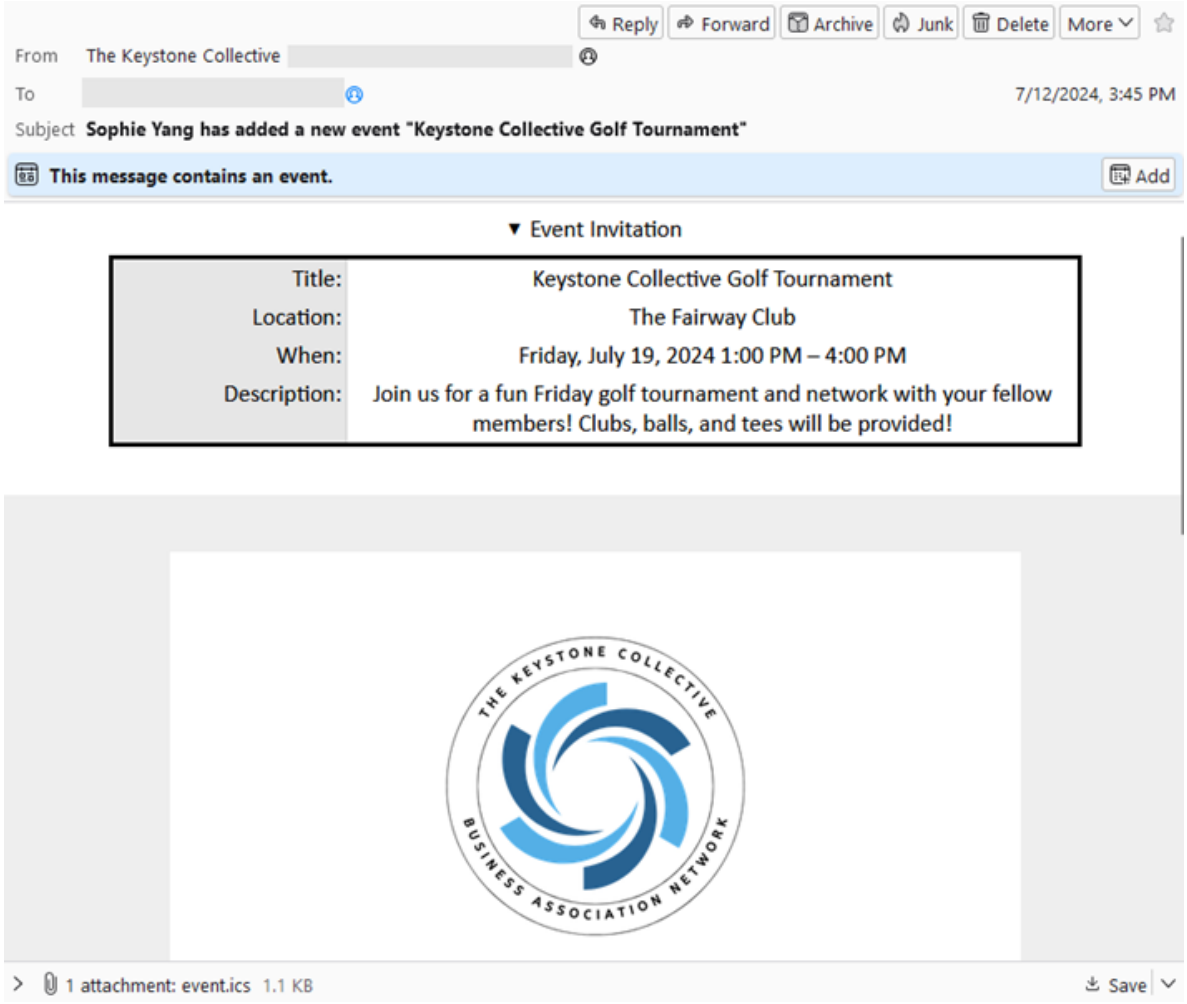

How do I add an event to my Thunderbird Calendar from my Thunderbird app?

To integrate association group events into your Thunderbird Calendar from your desktop, follow these steps:

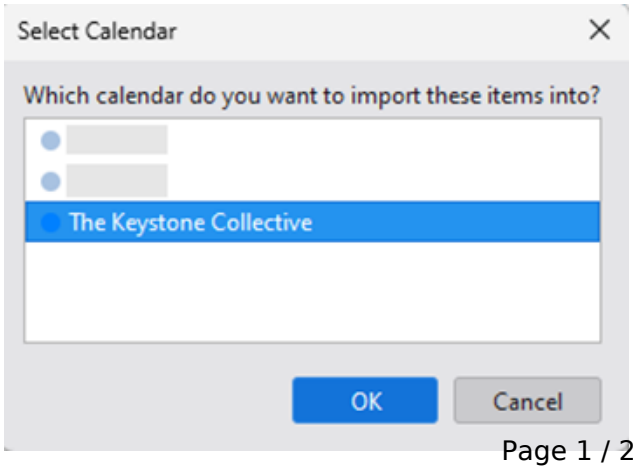

*If you're an admin member creating the event, please select the option to notify members as integrating events into Thunderbird Calendar will come directly from the email notification.

1. Open the event notification email in Thunderbird.

2. At the top of the email, click on Add.

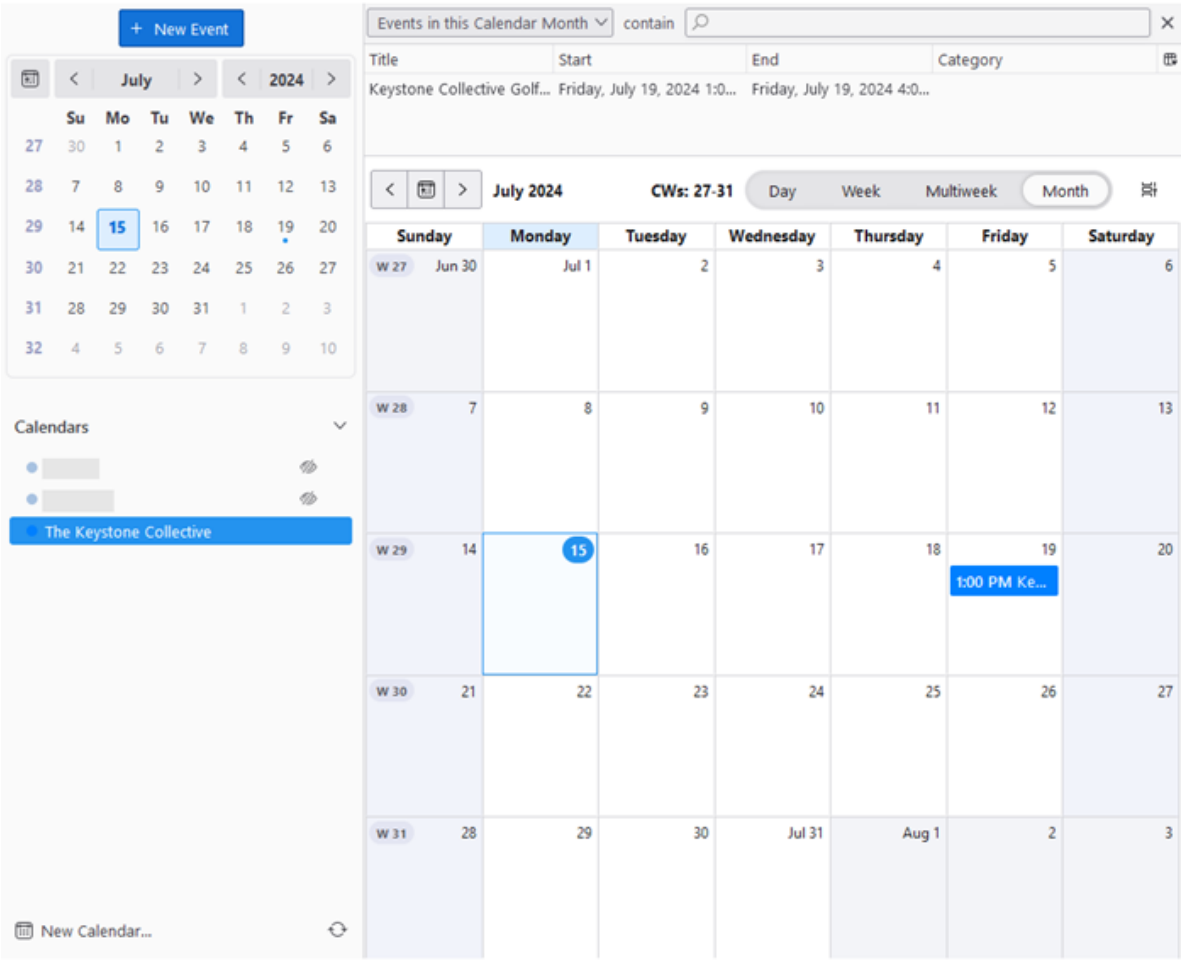

3. Select which Thunderbird calendar you'd like to add the event to and click on OK.

URL: https://help.biznomos.com/content/25/98/en/how-do-i-add-an-event-to-my-thunderbird-calendar-from-my-thunderbird-app.html

4. Then you'll see the event in your Thunderbird Calendar.

*Please note that changes to the event in Biznomos will not reflect on Thunderbird Calendar, so they must be manually changed by editing the event manually in Thunderbird Calendar.
