Track Event Attendance

How do I remove the company attendance totals from the Home page?

By default, the Home page will display the company attendance totals to association members from the beginning of the year to date under the New & Upcoming section.

To remove the company attendance totals display, follow these steps:

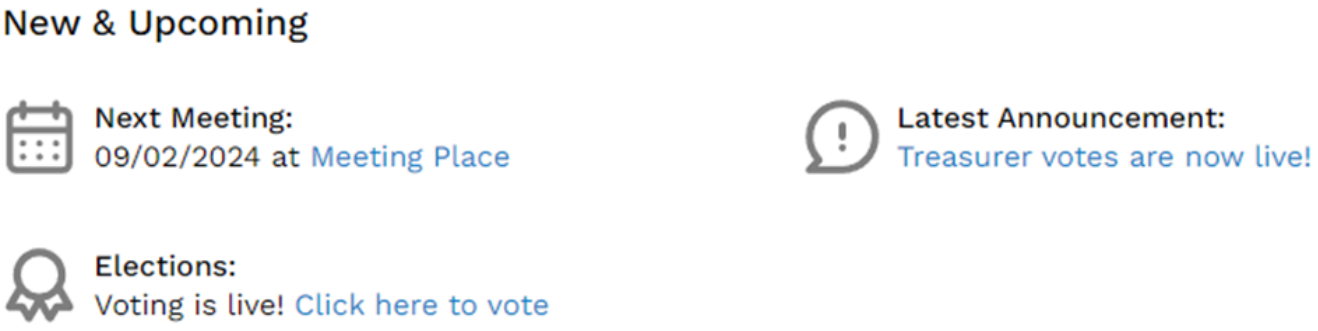

1. Go to the Admin Tools tab at the top.
2. Go to Organization Settings under the Organization Management heading.
3. Uncheck the Show company attendance totals to members checkbox (below the Referral Submission Email Address).

4. Click on the Update Settings button.

5. Go back to the Home page.
6. Now it won't show the company attendance totals under the New & Upcoming section.
